RECEPTION WORKS

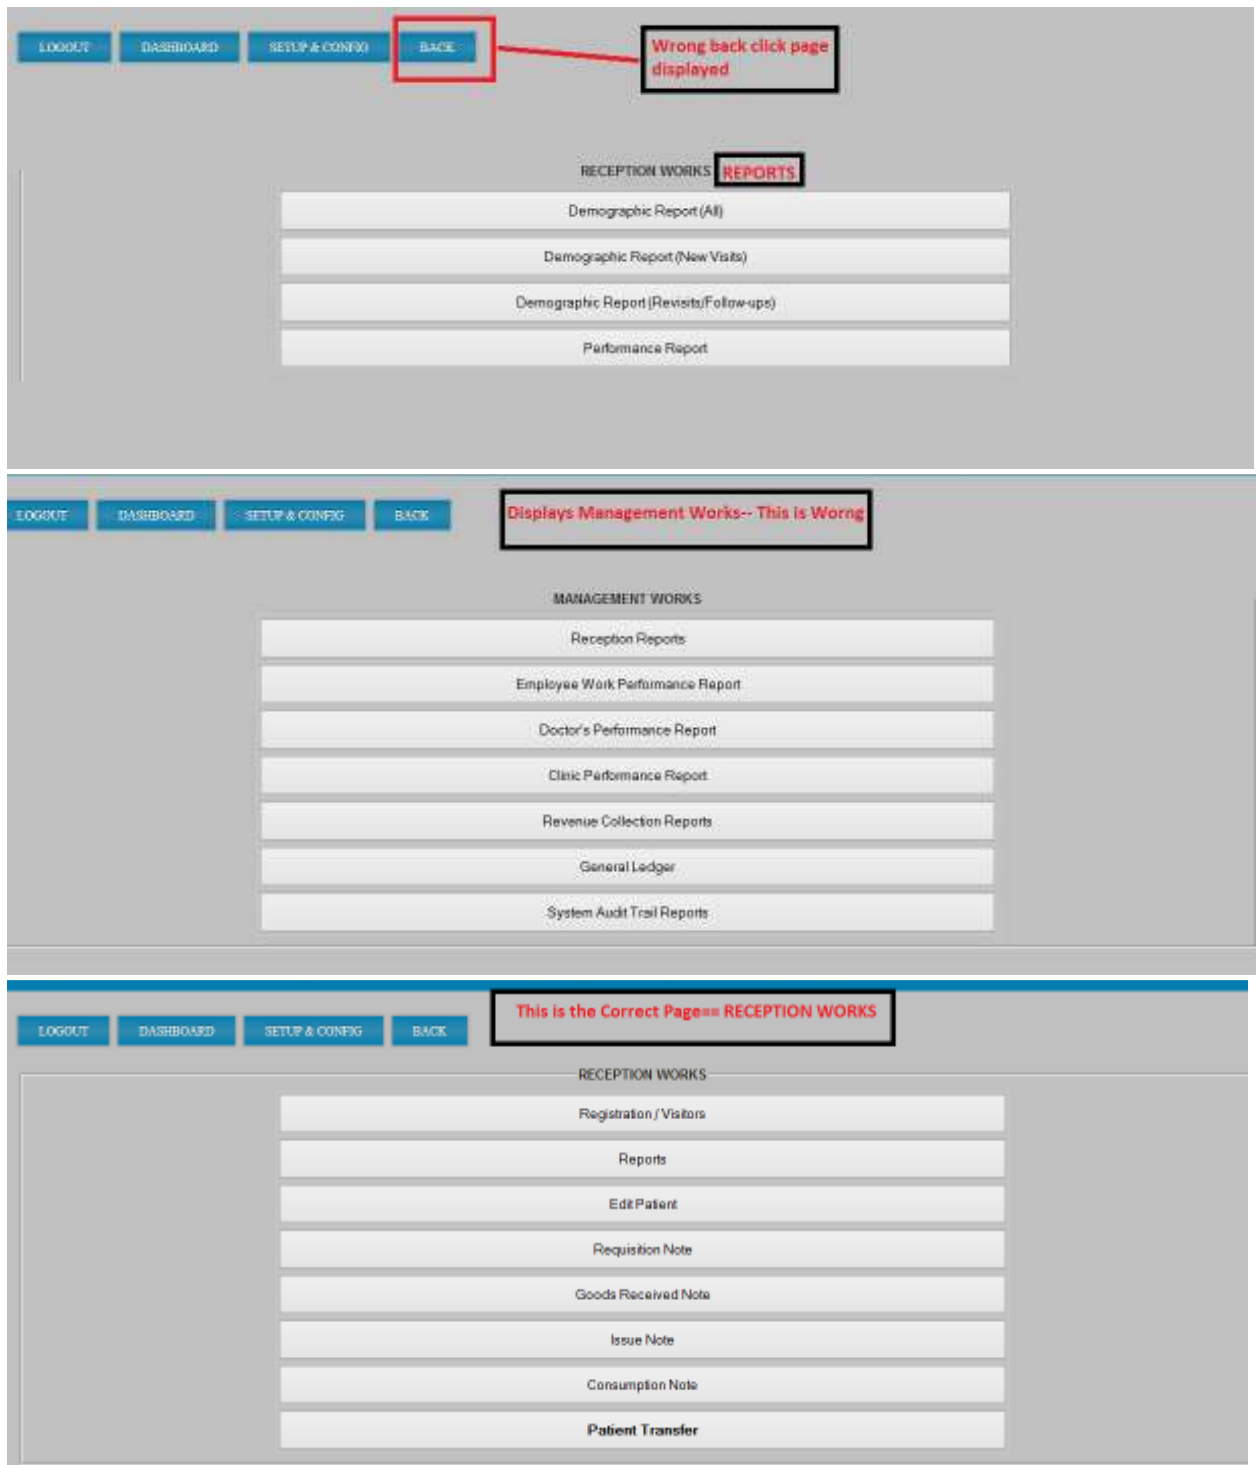

Demographic Report (All)

Demographic Report (New Visits)

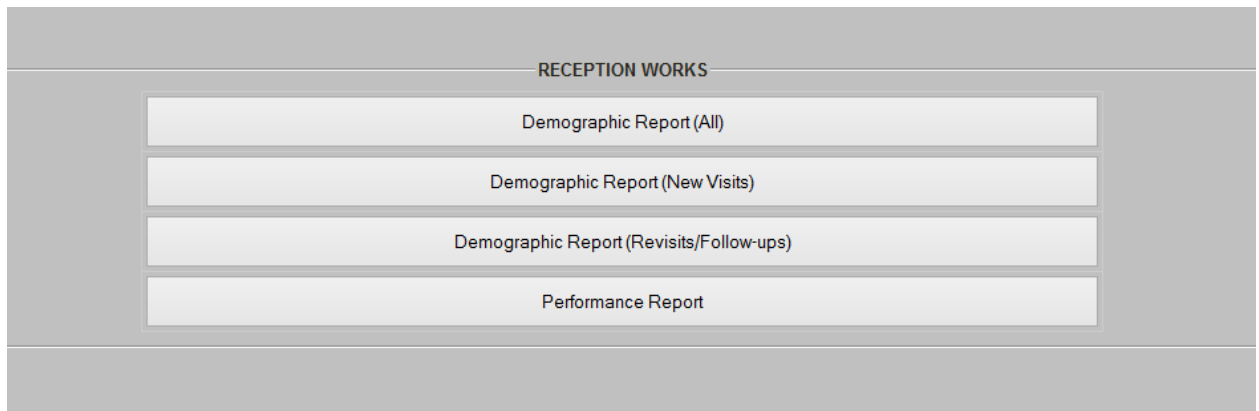

Demographic Report (Revisits/Follow-ups)

Performance Report

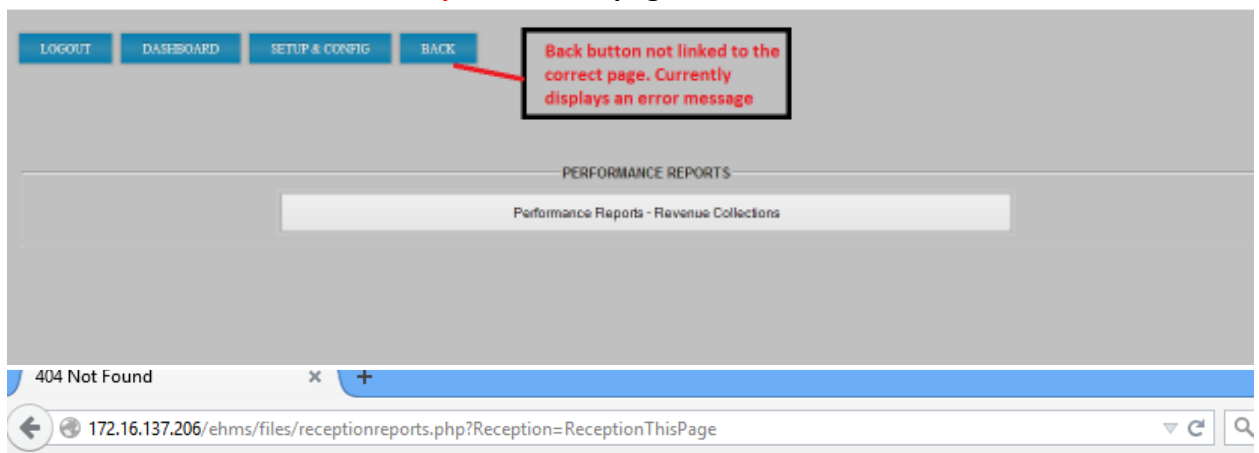

13. Wrong Back Button Link → **takes you the wrong page**; It Takes to **Management Works** instead of **Reception Works Reports** (Must also change the heading from Reception Works to **Reception Works Reports**)

14. All Button on Reception Works Reports are working fine Demographic Report (All), Demographic Report (New Visits), Demographic Report (Revisits/Follow-ups), Performance Report. However **no Data** to test.

15. BACK button on **Performance Reports** has no page linked → **Error**

16. Wrong Back Button Link → takes you the wrong page; It Takes to Reception Works instead of Performance Reports

The image consists of three screenshots of a web application interface, illustrating a bug with the 'BACK' button.

Top Screenshot: The 'BACK' button in the top navigation bar is highlighted with an orange box. A callout box labeled 'Wrong Back Link' points to it. Below the navigation bar, there is a search bar with 'Admin Amara' entered, and a table with columns: SN, DATE & TIME, BILLING TYPE, RECEIPT NO, CASH, CREDIT, and CANCELLED. The table shows a total of 0 for CASH, CREDIT, and CANCELLED.

Middle Screenshot: The 'BACK' button is highlighted with an orange box, and a callout box labeled 'Correct Page' points to it. Below the navigation bar, there is a section titled 'PERFORMANCE REPORTS' with a button labeled 'Performance Reports - Revenue Collections'.

Bottom Screenshot: The 'BACK' button is highlighted with an orange box, and a callout box labeled 'Wrong Place displayed' points to it. Below the navigation bar, there is a section titled 'RECEPTION WORKS' with four buttons: 'Demographic Report (All)', 'Demographic Report (New Visits)', 'Demographic Report (Revisits/Follow-ups)', and 'Performance Report'.

17. Reception Works → Edit Patient button → Successful Page display
